In accordance with [PHE advice on hand washing](#), all visitors to the site are asked to clean their hands before arrival.

We have reinforced some basic hygiene principles at our schools and introduced a number of additional measures so please do not take offence if you are asked to use hand gel or if we don’t shake hands on meeting. Sensible precautions for everyone seem appropriate at this time.

We would also remind visitors of the hygiene message, “catch it, bin it, kill it” in the event of coughing and sneezing.

These restrictions are in place to protect our community. We are grateful to your support in following the most up to date advice from the Government which can be found here <https://www.gov.uk/guidance/coronavirus-covid-19-information-for-the-public>

This is accurate as of 6/3/20
